

Galesburg-Augusta Primary Information

The Galesburg-Augusta Primary School accommodates pre-K through third graders. The "littlest rams" will learn the building blocks they need for future success.

The Primary offers extensive opportunities for students needing more of a challenge in their academic curriculum, including: Reading Counts, Student of the Month and a Learning Fair. Students also have access to many extra-curricular activities including: Track and Field Day, Kalamazoo Symphony Orchestra performances, and Comstock Auditorium Programs.

For students who need extra help there are the following services available: At-Risk programming and tutoring, as well as Special Education services.

The Primary takes a team-based approach to student learning. An important starting point for early intervention in school is a problem-solving model. This team-based approach brings together classroom teachers and other school professionals to collaboratively address the problems faced by students who struggle in school with existing instructional models. The goal of this approach is to improve student achievement and ensure that ALL children learn.

Visitors are always welcome at G-A Primary, and we encourage you to call (269) 484-2040 to talk with our school principal, Mr. Chris Hurley (e-mail address without spaces [churley @ gacsnet.org](mailto:churley@gacsnet.org)) or arrange a time to meet with him and visit the school.
